and launched the process of finding an investor, which has now been successfully concluded.

High-quality care services provided by trained staff

P+ Ihr Pflegeservice GmbH places great emphasis on the professional qualifications and social skills of its staff. The people in need of its services build a relationship of trust with their carers, so the team tries to ensure that the same carers attend to the same clients if at all possible. Comprehensive and high-quality medical care and nursing is then ensured through the close cooperation of all involved.

The company is part of Deutsche Fachpflege, a network of more than 80 care service providers in Germany that cover all aspects of care – geriatric, nursing, critical and ventilation care – throughout the country. All members are exemplary in the care sector and set standards in the provision of high-quality care to individuals with care needs at all levels. The network also fosters exchanges with the scientific community and politicians, promotes the use of digital technology and, most importantly, provides its own teams specialising in a range of disciplines.

Mr Yevgen Zaytsev, managing director of P+ Ihr Pflegeservice GmbH and a trained economist, also spoke positively about the acquisition: "We held constructive negotiations with the insolvency administrator. The new employees are a welcome addition to our team and we feel optimistic about the future. With this acquisition, we are continuing to pursue our expansion strategy."
