SKN Group creditors unanimously approve restructuring plan

16 October 2023 · Norden · Business Area: Insolvency Administration

On 11 October 2023, creditors of the SKN media group, the long-established printing and publishing group based in Norden, East Frisia, unanimously approved the restructuring plans for all five group companies presented by management to the Local Court of Aurich, as the competent court. The plans had been prepared by management together with the restructuring agent Mr Markus Freitag, an attorney from law firm AndresPartner, and his team in consultation with the court-appointed insolvency monitor, attorney Dr Christian Kaufmann from PLUTA Rechtsanwalts GmbH.

"We are pleased to have received our creditors' unanimous approval and would like to thank all parties involved for the trust they have placed in us," said managing director Ms Charlotte Basse. The creditors' positive vote is crucial to the company's successful emergence from debtor-in-possession proceedings.

"From the beginning, our mission was to reposition the company in a way that would ensure it could operate viably in the future and to save as many jobs as possible," said restructuring expert Mr Freitag. Over the past few months, working with his team and the company's managing directors, Mr Freitag has set the basic course that has now allowed this positive outcome to be achieved. Given the

emphatic support from its creditors, the company will emerge strengthened from the proceedings. Ms Charlotte Basse confirmed, "The creditors' trust gives us new impetus to use the restructuring approach taken to continue operating successfully for our customers and readers going forward with a company adapted to the prevailing market conditions."

"I am pleased that the SKN Group has been successfully restructured and would like to wish Ms Basse and the company all the very best for the future," added insolvency monitor Dr Kaufmann, who was intensively involved in discussions with stakeholders during the restructuring. Dr Kaufmann was supported in this by Mr André Gildehaus and Ms Nicole Neumerkel.

In order for the debtor-in-possession proceedings to be officially terminated, the confirmed plan first needs to become final and binding in law. "Once the usual statutory periods expire, the court is expected to terminate the proceedings in late October or early November," said Mr Freitag.

Background

The disproportionately high increase in paper and energy prices on account of the Ukraine war as well as continuing inflation caused the printing house's costs to rise sharply. As the daily newspapers were also affected by these factors, the group was not in a position to fully compensate for the economic downturn. It then opted for restructuring under debtor-in-possession proceedings in early March.
