Teilzeit Thiele to become Part of the TEMPTON Group

March 5, 2019 · Bielefeld, Germany · Business Area: Insolvency Administration

- Teilzeit Thiele Group successfully stabilised
- Almost all the jobs saved

Teilzeit Thiele is a pioneer in the area of staffing services, which was founded as a family business in 1969 and is now managed by Ms Alexandra Thiele, a member of the second generation of the founding family. At the end of last year, in-court restructuring proceedings were initiated (after an application for debtor-in-possession proceedings / insolvency application had been filed). The group of companies consists of a total of eight firms and is one of the market leaders in the regions where it is active. When Teilzeit Thiele submitted the application, there were approximately 1,500 members of staff working at 17 locations in East Westphalia-Lippe, on the northern edge of the Ruhr region, in Lower Saxony and in Saxony-Anhalt. The group is also one of the largest employers in the East Westphalia-Lippe region, where it has its roots.

As a result of the reverberations from loss-making business transactions outside of the group's actual business activity, Teilzeit Thiele had to file for insolvency in December 2018. On 1 February 2019, debtor-in-possession proceedings were opened.

During these proceedings, the enterprise was successfully stabilised and integrated into the Essen-based TEMPTON

their high level of personal commitment, their loyalty and their trust in our group of companies, which actually was sound but went into administration following the misconduct of one individual executive. I greatly look forward to continuing our work together in the coming years.”

During the insolvency proceedings, Teilzeit Thiele was given advice by the law firm BOEGE ROHDE LUEBBEHUESEN (BRL). The attorneys Mr Friedrich von Kaltenborn-Stachau and Mr Stefan Denkhaus, BRL partners and restructuring experts, supported the management of the Teilzeit Thiele Group as part of the restructuring process during the insolvency proceedings in their capacity as general agents. When it came to commercial matters, the companies were supported by Mr Jörg Schuppener, a business management expert from CVM Capital Value Management GmbH. CVM was also responsible for the M&A process.

The management of Teilzeit Thiele, the restructuring phase and the process of finding an investor were monitored and supervised by the attorney Mr Stefan Meyer, from the law firm PLUTA, who was appointed as the insolvency monitor by the Local Court of Bielefeld. The restructuring expert Mr Meyer commented on the successful solution as follows, “I am not only happy for the creditors, who can expect a higher recovery rate thanks to the restructuring solution, but also, and in particular, for the large number of employees whose jobs have been saved. In spite of their worries about their jobs, the members of staff were highly motivated and fully supported the continuation of business operations and the measures introduced. The joint efforts to save the company have paid off now that the solution involving TEMPTON has been implemented.”
